Okay, yes I do plan to drive back after work tomorrow. I told START 10am start tomorrow because there just really isn't anything scheduled besides water management till maybe Monday of next week. Does 10am start for Sunday work for START and then you can get to site when you get down here?

Melissa, hi

I will be down early Sunday morning. I know it will be slow. You don't have to wait for me. You could leave Saturday if you want. Totally your call.

Thx  
dennis
